Covid-19 Update Following the 'Rule of 6' Government Update

Date Added 10/09/2020

Safe and Legal Travel - Within 'The Rule of Six'!

This statement is to reassure our customers that the Government's announcement on Wednesday 9th September about social gatherings being limited to six people, does NOT affect any coach hires, day excursions and holidays you have booked with us.

There are exemptions that cover what businesses such as ours are allowed to safely and legally offer, compared with informal and private events. Here is the important information from the guidance that applies to coach trips and group visits.

Businesses and venues following COVID-19 Secure guidelines can host larger groups. Premises or locations which are COVID-19 Secure will be able to hold more than 30 people, subject to their own capacity limits, although any individual groups should not interact with anyone outside of the group they are attending with.

To summarise, group events are permitted when professionally organised by businesses who have made risk assessments and put in place good practices for COVID safety. When booking our holidays and day excursions, you are seated in your own "bubbles" socially distanced from other passengers. For example, a single traveller will occupy a double seat and be asked to sit near the window. A couple or those in their family bubbles can sit together but will be socially distanced from other passengers. Coach hire organisers are being asked to do the same with their groups.

We are also asking for all passengers to wear a face covering and we are encouraging hand washing and sanitising at all stops.

We have COVID secure risk assessments and Safe Operating Procedures in place, as have the hotels and venues we are using too.

We hope this provides reassurance and helps you to understand the distinction between what is legally permitted privately and what is permitted within a business setting.

Kevin Green

Managing Director
CJJ COACHES LTD
